BRAINERD, MINNESOTA, TUESDAY, SEPTEMBER 28, 1920

Price Three Cents

## BUILDING MATERIAL CAN STAND A FIFTY PER CENT. SLASH

WITHOUT TOUCHING BOTTOM, AC-  
CORDING TO LABOR DEPT.  
REPORTS

RALPH COUCH,  
(United Press Staff Correspondent.)  
Washington, Sept. 28.—Prices of  
building material now going down  
side by side with food and clothing  
prices can be weathered by a fifty per  
cent slash without touching the bot-  
tom, reports to the labor department  
showed today.

A fifty per cent reduction would  
leave dealers in building material  
seventy-eight per cent ahead of the  
game as they played in pre-war days,  
the department record indicated.

Cuts in building material prices  
will go far toward solving the entire  
problem of living costs, officials said  
today. Reductions that are perma-  
nent will bring a rush of construction  
work early in the spring and relieve  
the housing shortage. The country  
is now five million buildings short of  
normal, according to officials of the  
United States housing corporation.

## SENATOR NELSON'S SON-IN-LAW IS ON TRIAL FOR MURDER

Alexandria, Minn., Sept. 28.—A  
jury hearing murder charges against  
Gustaf Nelson, son-in-law of United  
States Senator Knute Nelson, visited  
the scene of the alleged crime today.  
Nelson was charged with murdering  
Jas. Middleton last March in a scuf-  
fle. Self defense was the plea. Ad-  
dresses of the defense and prosecu-  
tion were to be heard late today and  
the case was expected to go to the  
jury before night.

## COX TALKS IN IOWA AND S. D.

HERBERT WALKER  
(United Press Staff Correspondent.)  
Enroute With Governor Cox, Sioux  
City, Iowa, Sept. 28.—One reason for  
any reduction in wages that may come  
in the near future will be a failure of  
the United States to enter the league  
of nations and to assist in re-establish-  
ment of international trade, Gov-  
ernor Cox asserted in brief stump dis-  
cussions here and throughout South  
Dakota today.

Conspiracy of the "senatorial oli-  
garchy" to hold up the treaty has con-  
tinued unsettled business conditions  
throughout the world much longer  
than necessary, and the inevitable re-  
sult of closed foreign markets be-  
cause of lack of credit will first be  
felt by labor in decreased wages and  
by the farmers in slumping prices for  
their produce.

Farm Bureau federation.

## HEARING ON MINIMUM WAGE

BY STATE COMMISSION TO DE-  
TERMINE QUESTION OF  
RAISING SAME  
(United Press)

St. Paul, Sept. 28.—The minimum  
wage commission today will hear em-  
ployees and employers on the question  
of raising the minimum wage for  
women and minors.

The minimum wage now is \$11 a  
week in cities and \$10.25 a week in  
towns of less than 5,000.

Working girls declare the cost of  
living is such that they cannot live on  
\$11 a week.

Board and room without luncheon  
at noon costs \$7 a week even if two  
girls occupy the same room they said.  
Employers plans to tell the commis-  
sion that clothing costs has dropped  
fifty per cent within the last six  
months. The girls are prepared to  
refute this statement.

## CHICAGO HOTEL MEN CONSIDER PRICE REDUCTIONS

(United Press)  
Chicago, Sept. 28.—Further stress in  
reduced prices was expected here to-  
day. Chicago hotel men were to meet  
to consider reductions in the eating  
line. Russell Poole, directing the city  
fight to lower prices, was expected to  
point out to hotel men alleged discrep-  
ancies between cost and selling price of  
food lists on their menus.

## EIGHT WHITE SOX PLAYERS ARE IN- DICTED BY JURY

INDICTMENTS FOLLOWED TESTI-  
MONY BY EDDIE CICOTTE,  
PREMIER PITCHER  
(United Press)

Chicago, Sept. 28.—Eight members  
of the White Sox baseball club dur-  
ing the 1919 world's series with the  
Cincinnati Reds, were indicted by the  
Cook county grand jury today. The  
indictments were voted after Eddie  
Cicotte, ace of the White Sox team  
during the series, appeared before the  
grand jury and told all he knew of  
the alleged throwing of the series.

The indictments were voted by the  
grand jury which investigated alleged  
crookedness in baseball. The accused  
were:

"Happy" Felsch, center field;  
"Buck" Weaver, third baseman; Fred  
McMullen, utility infielder; "Swede"  
Risberg, shortstop; Eddie Cicotte,  
pitcher; Claude Williams, pitcher; Joe  
Jackson, outfield; "Chick" Gandil, for-  
mer first baseman.

Announcement that the indictments  
had been voted was made by Fore-  
man H. H. Brigham of the grand jury.  
The indictments had not yet been  
drawn up at the time the announce-  
ment was made but they had been  
voted and there may be several counts.

Cicotte was taken down secretly be-  
fore the grand jury and it took him an  
hour to tell what he knew. Immedi-  
ately after he had given the jury the  
information that he possessed, an-  
nouncement was made that the indict-  
ments were voted. Cicotte has been  
the center figure in the rumors which  
have persisted for nearly a year re-  
garding the crookedness of the 1919  
series. The grand jury was to recon-  
vene at 2:30 to hear testimony of ten  
witnesses, including John J. McGraw,  
manager of the Giants; Dr. Prettyman  
and Mrs. Kelly, friends of the White  
Sox players.

Cicotte reported at the criminal  
court building accompanied by Wm.  
Sullivan, investigator. When report-  
ers attempted to talk to Cicotte, Sul-  
livan stopped them saying the White  
Sox pitcher was in custody.

The indictments voted accused the  
players of conspiracy to an illegal act.  
Plans which have been made for  
the world's series of this year will  
not be changed by the indictments re-  
turned against the eight players, Ban  
Johnson, president of the American  
league, announced after a conference  
with John Heydler, president of the  
National league. Johnson and Heydler  
constitute the national commission  
in charge of the world's series ar-  
rangements.

Chas. Comiskey announced the  
eight players were suspended immedi-  
ately after news of the indictments  
reached him. They will not be rein-  
stated unless they can prove their in-  
nocence, and if they cannot he will  
request that they be banished from  
organized baseball.

## IRRECONCILABLES WILL ASK HARDING'S POSITION ON LEAGUE

L. C. MARTIN  
(United Press Staff Correspondent.)  
Washington, Sept. 28.—Well in-  
formed politicians of both parties were  
expecting before long a firm request  
from republican irreconcilables on  
the league of nations that Senator  
Harding affirm his position on the  
league and the world court plan,  
which Elihu Root has just brought  
back from the Hague.

Root returned with a plan reported  
to have more "teeth" in it than the  
league covenant. Senator Penrose  
put forth a statement that the people  
of the United States were tired of the  
league issue together with the silence  
of Harding and Hays on the league  
as figured in the recent Maine elec-  
tion, which was said to have dis-  
quieted the irreconcilable republican  
senators.

## PLAN OF PACKERS IS REJECTED BY JUSTICE DEPT.

(United Press)  
Washington, Sept. 28.—The depart-  
ment of justice today rejected the  
plan of packers to dispose of their in-  
terest in fifteen large stock yards to  
a holding company to be organized  
by F. H. Prince & Co. of Boston.

PRINCESS ELIZABETH

## MOVIE ACTRESS FUNERAL DRAWS THOUSANDS IN N. Y.

WOMEN STORM CHURCH DOORS  
AFTER EDIFICE IS FILLED TO  
GAIN ENTRANCE

(By United Press)  
New York, Sept. 28.—Gray shadows  
filtered down from the high windows  
softening the hues of the great bank  
of flowers and dimmed the lustre of  
richly dressed women.

Silence prevailed at the great  
church, broken only by the solemn  
voice of the pastor in the Episcopal  
church.

This was the last "fade out" of  
Olive Thomas.

The funeral of the noted picture  
actress who died in Paris as a result  
of accidentally taking poison, drew  
thousands of persons from all walks  
of life to St. Thomas church on Fifth  
avenue. There were millionaires and  
paupers, stars, members of the  
church, friends and those who were  
merely curious. Hundreds of men  
and women, mostly the latter, stormed  
the church doors when officers turned  
them away after the edifice was filled.  
Police lines were broken time and  
again. Order was not finally restored  
until long after the services were over  
and the body had been removed from  
the church.

The ceremonies were simple. Dr.  
Ernest M. Stiers conducted the serv-  
ices.

Jack Pickford, husband of Miss  
Thomas, sat with her mother, Mrs.  
H. B. Van Kirk, and Miss Thomas'  
brother, James Duffy.

Among the honorable pall bearers  
were Owen Moore, former husband of  
Mary Pickford, and Harry Fisher, an  
artist, who was the first to discover  
Miss Thomas' beauty. The coffin stood  
in the center of the chancel under a  
blanket of pink orchids and surround-  
ed by great banks of pink and white  
flowers. There was a great bouquet  
from Mrs. Pickford bearing the in-  
scription, "From Sister Mary."

## CENSUS FIGURES

(United Press)  
Washington, Sept. 28.—The census  
bureau today announced the following  
1920 population figures:

State of Illinois, total 6,485,698, an  
increase since 1910 of 846,507, or 15  
per cent.

State of Louisiana, 1,797,798, an in-  
crease of 141,410, or 8.5 per cent.

State of Montana 547,595, an in-  
crease of 171,549, or 45.6 per cent.

State of New Mexico, 360,247, an in-  
crease of 32,946, or 10.1 per cent.

Cook county, Ill., including Chicago,  
3,953,917, an increase of 647,784,  
or 26.9 per cent.

St. Louis county, Minn., 296,391, an  
increase of 43,117, or 26.4 per cent.

Emmons county, N. D., 11,288, an  
increase of 1,492, or 15.2 per cent.

Kidder county, N. D., 7,798, an in-  
crease of 1,826, or 30.8 per cent.

Mount Rail county, N. D., 12,149, an  
increase of 3,649, or 43 per cent.

Stutzman county, N. D., 24,575, an  
increase of 6,386, or 35.1 per cent.

## WORLD'S SERIES OPENS OCT. 5TH IN BROOKLYN

WHERE THREE GAMES WILL BE  
PLAYED—NEXT FOUR AT CITY  
WINNING A. L. PENNANT  
(United Press)

Chicago, Sept. 28.—The national  
baseball commission meeting here to-  
day changed the date of the world's  
series games which were announced  
yesterday.

Under the new arrangements the  
first game will be played in Brook-  
lyn Tuesday, Oct. 5. Games will also  
be played in Brooklyn on Oct. 6 and  
7 and then the teams will go to the  
American league city that wins the  
pennant—either Cleveland or Chicago.

Four games will be played in the  
American league city unless one team  
has won the series. The eighth game  
will be played in Brooklyn Oct. 14,  
and the ninth game will also be play-  
ed in the National league city. The  
ninth game is to be played on Oct.  
16. The change in dates was made  
at the request of Jimmie Dunn, own-  
er of the Cleveland team.

## HUDSON AND ESSEX PRICES ARE REDUCED

(United Press)  
Detroit, Mich., Sept. 28.—The Hud-  
son Manufacturing Co., manufactur-  
ers of the Hudson and Essex cars, to-  
day announced the price reduction of  
all models of the two cars ranging  
from \$290 to \$450.

Overland Prices Also Are Reduced  
New York, Sept. 28.—Reduction in  
price of the automobiles made by  
Willis-Overland Co., of from \$100 to  
\$200 per car, was announced today.

## MAN CONFESSES TO KILLING PACINI

(United Press)  
Kenosha, Wis., Sept. 28.—Frank  
Lang, 45, today confessed that he was  
the man who shot and killed Chas.  
Pacini, the "Amusement King" of Ken-  
osha, on the night of Aug. 14.

Pacini was slain while putting his  
auto into the garage late at night,  
which led to ouster proceedings to  
be taken against James Myer, sheriff  
of Kenosha county, by Governor E.  
Phillips, who sent personal represen-  
tatives to conduct an investigation  
into the activities of the city and as-  
sist officers in solving the death of  
the wealthy Italian.

## HARDING SPEAKS IN WEST VIRGINIA

RAYMOND CLAPPER  
(United Press Staff Correspondent.)  
Enroute with Senator Harding to  
Wheeling W. Va., Sept. 28.—Warren  
G. Harding set out today to captivate  
West Virginia for the republican  
party after tremendous cheers by an  
enthusiastic crowd at Baltimore. His  
West Virginia speech was to be deliv-  
ered tonight at Wheeling. Harding's  
speech at Baltimore advocated pro-  
tection of American industries and  
aggressive developments of the mer-  
chant marine.

## Investigate Feasibility of Airplane Forest Fire Patrols

(United Press)  
St. Paul, Sept. 28.—Major W. C. Mc-  
Chord, of Chicago, will conduct a  
thorough investigation this week of  
the feasibility of maintaining airplane  
forest fire patrols of the heavily tim-  
bered sections of upper Minnesota and  
Wisconsin. Detailed patrol of the  
northern country would prevent re-  
currence of the forest fires of 1918  
that swept out over three hundred  
lives and devastated hundreds of thou-  
sands of acres, it was estimated.

## WHITE HOUSE ISSUES ANOTHER STATEMENT SUPPORTING LEAGUE

(By United Press)  
Washington, Sept. 28.—Another  
statement in support of the league of  
nations under the president's direc-  
tion was given out at the White  
house today in the form of a letter  
written by J. P. Tumulty, secretary  
to President Wilson in answer to the  
republicans' criticism on Article X.

PRINCE CAROL

## THREATS MADE TO BURN IRISH TOWN

IF BRITISH CAPTAIN WHO DISAP-  
PEARED IS NOT RETURNED  
UNHARMED

(By United Press)  
Dublin, Ireland, Sept. 28.—Placards  
threatening to burn County Clare  
towns were plastered in the city of  
Ennis today.

The placards bore an ultimatum  
that the city would be destroyed if  
Captain Lenbrum, who disappeared  
while in Kilsey, is not returned un-  
harmred within twenty-four hours.

Citizens of Athenry, County Gal-  
way, clad in their night clothes were  
forced to kneel in the roadway last  
night until they promised to lift the  
boycott against police.

Belfast, the scene of rioting, was  
quiet last night except for small out-  
breaks in which stones flew.

## PLOT TO BLOW UP IRISH OFFICE IS FRUSTRATED

(United Press)  
London, Sept. 28.—Scotland Yard  
frustrated a plot to blow up the Irish  
office and the treasury building here,  
a Scotland Yard official declared to-  
day. He said Sinn Feiners and bol-  
sheviki planned the explosion in re-  
prisal for police activities against  
them.

## AMERICAN LEGION ENDORSEMENT OF LEAGUE IS ASKED

RECOMMENDATION FOR DIVISION  
OF COUNTRY INTO FIVE DIS-  
TRICTS TO BE MADE  
(United Press)

Cleveland, Ohio, Sept. 28.—Support-  
ers of the league of nations will make  
an effort to have the American Le-  
gion convention here endorse the  
covenant, it was learned today. The  
resolution probably will only request  
complete fulfillment of the peace  
terms as negotiated at Versailles.

Col. F. W. Galbraith, of Cincinnati,  
today was the leading contender for  
the national commander. Milton J.  
Forem, of Illinois, has withdrawn  
from the race. Hanford McNider, of  
Iowa, was Galbraith's closest competi-  
tor. Elections will be held tomor-  
row.

Recommendation for division of the  
country into five sections, is to be  
made today. The convention commit-  
tee will recommend Kansas City as  
the next meeting place, the time to  
be set for Oct. 31 to Nov. 2, 1921.

## Ask Baker to Publish Slacker List

Following a sharp fight the conven-  
tion adopted a resolution approving  
the action of the national executive  
board on the adjusted compensation  
act, and directed the committee to  
"take such action as it may deem nec-  
essary to assure prompt passage of  
this bill."

A resolution calling on Secretary of  
War Baker to publish a slacker list  
was passed without debate.

## FRENCH FLYER PROBABLE WINNER OF AIRPLANE RACE

(United Press)  
Etampes, France, Sept. 28.—Sadi  
Lecointe, French aviator, finished the  
186.3 mile course in the Gordon Ben-  
nett aerial race here today in one  
hour, six minutes and twenty-eight  
seconds. One other entrant, Captain  
Raymond, of England, who had not  
started when Lecointe finished, had a  
chance to better the time. All others  
were eliminated. The two Americans  
and two French aviators returned  
without completing the course. Ray-  
mond was to fly this afternoon.

## DRANK FLY POISON; DIED

(United Press)  
Luverne, Minn., Sept. 28.—Russell  
Holling drank a dish of fly poison  
Monday and died shortly afterwards.

## Airplane Race for the Gordon Bennett Trophy

Etampes, France, Sept. 28.—The  
airplane race for the Gordon Bennett  
trophy got under way at 1:36 P. M. to-  
day when the first plane took the air.

## Making Cattle Food Out of Sawdust

Will cattle thrive on a sawdust diet?  
That is the question experts of the  
Forest Products Laboratory of the  
Department of Agriculture working  
at Madison, Wis., say they have an-  
swered in the affirmative. This photo-  
graph shows a worker raking the  
"sawdust food" from the cylinder in  
which it is cooked. Fifteen minutes  
cooking with diluted acid, under  
steam pressure, converts part of the  
wood into sugar and renders the re-  
mainer digestible. Feeding experi-  
ments, now in progress at the Forest  
Products Laboratory, shows that cows  
get along well on a diet "one-quarter  
sawdust ration."

## GEN. WOOD GREETES SENATOR HARDING

General Leonard Wood greeting Senator Harding in Chicago on the  
Republican candidate's arrival there from Marlon, en route to St. Paul  
to speak at the Minnesota State Fair. Mrs. Harding is also shown in  
the photo. Senator Harding delivered his first speech away from home  
since his nomination from the race at his trail on his arrival in Chicago.

## THE WEATHER

## Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

## NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and lashing your bowels with strong, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.  
 Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.  
 Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-a-hole feeling disappears, energy, "pop" and appetite return and you find yourself entirely, completely relieved.  
 There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than five million boxes sold every year.  
 If you've not already done so, get a box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.  
 Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

## MOVING PICTURE SHOW AS BENEFIT

To be Given Oct. 7 and 8 for the Benefit of Brainerd's Quota, League of Women Voters

### COMMITTEE IS SELLING TICKETS

Membership Campaign Will Also Be Conducted in October—Enrollment Blanks at Jones' Store

A committee of women, under the chairmanship of Mrs. Clyde L. Burnett, is distributing tickets for a moving picture show to be given for the benefit of Brainerd's quota for the League of Women Voters. This quota pays for Brainerd's organization meeting and school of instruction, for literature and for general expenses of the state and national organization.

The object of the league is to stimulate women to be thinking and intelligent citizens, to whatever party they may belong and especially that they become alert to those needs of the times which are closely associated with the welfare of home and children. A share of Brainerd's quota will be paid by contributions of enrolling members.

This membership campaign will be continued through the months of October, and it is hoped that a very large proportion of Brainerd women will enroll during this time and thus indicate their intention to vote and also support the organization which represents the unified effort in the part of women to be worthy of their new and serious responsibility.

Any woman may find an enrollment blank at the store of Mrs. E. H. Jones, 614 Front street. Mrs. Jones is acting as treasurer for the League of Women Voters. A subscription of at least 25 cents is expected from each one who enrolls, although where such subscription is impossible, the enrollment alone is welcomed.

Over and above what may prove necessary to pay toward Brainerd's quota, will be devoted to carrying on the Brainerd Women's Community Council. This organization which is a federation of local women's organizations stands for progress in local affairs particularly in matters of education and public health and it also from the beginning has fostered the new League of Women Voters.

It is confidently expected that all movie fans and also those who only occasionally attend the shows will save their money for this benefit which will occur Oct. 7 and 8 with matinee on the 8th.

### Methodist Aid

The Methodist Ladies Aid will meet Wednesday at 3 o'clock in the church parlors. Mrs. O. Skauge and Mrs. A. T. Fisher will entertain. Visitors are welcome.

### Catholic Forester Aid

Mrs. John Ernster and Mrs. J. W. Koop will entertain the Catholic Forester Aid in the basement of the church Wednesday afternoon. Friends are welcome.

### Mission Society

The Mission society of the Swedish Lutheran church will meet this evening at 8 o'clock at the home of P. A. Nelson on Elm street, Northeast.

## STATE SUNDAY SCHOOL CONVENTION

Sunday school workers are looking forward to the coming 62nd convention of the Minnesota Sunday School Association to be held at Duluth, on November 5, 6 and 7.

No convention was held in June, the usual month of the association's annual gathering, and this is the first time in its history that a state convention has been held in November.

James C. Garrison, the new State Superintendent, reports a great deal of enthusiasm being manifested throughout the state for this gathering at this time. Special one and one third fares are expected and a great program is being prepared.

The Duluth committee is appointed and consists of the following:

The General Committee—W. B. Patton, chairman; L. V. Swartzendrover, Rev. Jas. Mills, A. O. Anderson, Dr. J. G. Annand, A. A. Pfenninger, W. C. Mitchell, Robert J. Wilson, J. W. Walker, John McT. Carson, R. G. Mace, W. T. Wilke, Brewer Mattocks, Jr., R. R. Forward, Leslie C. High, Arthur Hanford, J. R. Batchelor, H. A. Sedgwick, H. T. Lundgren, R. W. Hathaway, R. S. Manley, W. L. Smithies.

The Promotion Committee—Entertainment, W. T. Wilke; registration, Brewer Mattocks, Jr.; reception, Rev. Jas. Mills; commissary, L. V. Swartzendrover; publicity, places of meetings, Leslie C. High; music, A. O. Anderson; finance, Arthur Hanford; ushers, Dr. J. G. Annand; recreation, J. R. Batchelor.

The theme of the convention program will be "Together We Build a Righteous State."

For further information address Minnesota Sunday School Association, James C. Garrison State Superintendent, Peoples Bank Building, Saint Paul, Minnesota.

## BLACK AND WHITE

Combination in One Costume Is Important Feature.

Colors Promise to Be Strong Favorite—Gowns Liberally Decorated With Embroidery.

An important style feature is the combination of black and white in one costume. It may be safely predicted that this will be a black and white season. There are white satin blouses with black satin skirts to make one-piece dresses. These are lavishly embroidered with satin beads. A great deal of jet and many paillettes are used. Dresses may be said to fairly sparkle with them.

Velvet dresses are making their appearance, and these too, are embroidered in bright-colored beads. This type of beading is much more distinctive than the ordinary beaded dresses which we became tired of long ago. Marvelous colors are blended in this beading, which is more on the order of that used in the finest beaded bags.

The bright-colored contrasting sash still holds a place of importance. For instance, a very brilliant green one may be used on a brown dress that scintillates with brown paillettes.

The resurrection of ombre is worthy of note. Very gay are the dresses of chiffon showing several shades of the same color blending into one another.

A Black and White Frook.

These colors are not attained by dipping the fabric into the dye, but by applying the color with a brush. So cleverly is the material handled by designers that the frocks appear, through the deftness of their draping, as if made of different colored materials.

### COLORS BLONDE CAN WEAR

Green Good Tint for Fair Complexion; Blue Harmonizes With the Golden Hair.

You know there are blondes and blondes? A fair blonde has pale skin, resembling a white rose, slightly tinged with delicate pink. She has clear, soft blue eyes and light golden hair. This is the true fair blonde. If you belong to this type, color in dress may make or mar your looks, so a hint from a color expert might help you.

You have three tints to bring out—Skin, hair and eyes. The complexion can be warmed, the eyes deepened and the hair enriched. Green is a good

color for the fair blonde, since it imparts a reddish hue to the surfaces near it. Blue is a perfect contrast for orange, so it harmonizes with the golden hair, and also by its strong reflections, adds a depth of color to the eyes.

The colors for a fair blonde to avoid are red, orange, purple and brown. Violet is a most difficult color for any type to wear, since it gives a yellowish tone to the skin. A pale blonde, with a rose-leaf skin is not at her best in violet. Happily there are the delicate shades of lilac, heliotrope and parma that are less unkind.

### FASHIONS IN BRIEF

The hip girdle is arranged in a variety of ways.

Panier frocks of tulle and tulle are still worn for dancing.

A very beautiful novelty hat is made to resemble a spider web.

Plaits are well liked, for even in an accessory like the handbag they are frequently seen.

Dresses in blue serge covered with heavy all-over flat embroideries in chain stitch in dull copper red are conspicuous in Paris.

An interesting design for an afternoon frock has slashes in the blouse and skirt of georgette which reveal a satin underskirt and give an excuse for a dainty border of bead trimming.

A good way of introducing the new side draperies on the straight skirt of last year's dress is to arrange a wide soft sash with big loops and ends on each hip.

A novel sport suit of pongee is made of the same material thrown around the neck and weighted down at the back by huge silk tassels on either end. The skirt is box-plaited and very short.

### "Goes Broke" in Vaudeville.

It is said that the first man to undertake to produce vaudeville in America was Silas W. Steggs of San Francisco, who inherited \$400,000 from his uncle in 1865, and not being used to handling money in large quantities, started in to spend it freely. He went on a trip to Europe and spent most of his time at the Alhambra music hall in London, and launched a project to start the "New York Alhambra." His idea was approved by a number of amusement people, and he hired hundreds of them to come to the United States. But his money ran out and he left his party on a boat in New York bay and disappeared.

### Not Appreciated.

At one of the chaplains abroad the chaplain was a somewhat dour elderly Scotsman who persistently resisted an innovation in the service. A generous and wealthy member of the congregation, thinking it would be desirable to have the lesson read from a lectern instead of from the prayer desk, presented the church with a handsome brass one in the form of an eagle. The minister, however, did not take kindly to the lectern, and declined to use it the first morning, but toward evening he relented, and at the close of the service he astonished and entertained his congregation by solemnly making the following announcement: "I give notice that on Sabbath next the gospel will be read from that bureau."—Edinburgh Scotsman.

### Poker as Glass Cutter.

An ingenious method of cutting glass with a poker is described. Make a tiny notch on the edge of the glass where you want to cut it. Lay the glass over a newspaper, so that you have a printed line as a guide, heat a poker and apply it where the notch is. There is a faint click, and if the hot poker is drawn slowly across, a crack follows. When the opposite edge of the glass is reached it will be found that it is in two separate parts.

PLAYING POLITICS WITH PEOPLE'S MONEY

(St. Cloud Journal Press)

The senate probe committee brought to light some interesting facts regarding the spending of Uncle Sam's money for democratic politics. These facts were brought out:

Five officials of the department of justice and agriculture attended the democratic national convention at San Francisco, at the expense of the government; government publications have been used to boost the League of Nations and support of Gov. Cox; Gov. Cox is supported by the Scripps-McLae syndicate of newspapers, and Gov. Cox aided the two sons of multi-millionaire E. W. Scripps in evading the draft; Bernard M. Baruch, the Wall street broker, has contributed \$5,000 to the democratic campaign fund, and has advanced \$25,000 to send throughout the country moving pictures of "Uncle Sam of Freedom Ridge" propaganda for the league and Cox.

Inside information is that Cox in his sensational charges of a big republican slush fund, and the investigation of the senate committees, which failed to find proof that the republicans had collected more than a million dollars, instead of fifteen or thirty millions, has disgusted the wealthy democrats who have been digging up in the past for not coming across this trip for a losing campaign.

This may account in part for the use of the people's money in pushing the fight for Cox and the Wilson league, and for the "blackjacking" of girls holding federal positions.

A HOMELESS AMBASSADOR

Again the need for American-owned residences for our ambassadors to foreign countries becomes painfully evident.

Brand Whitlock, ambassador to Belgium and one of the most distinguished and popular of American representatives, faces immediate dispossession of the house he now occupies in Brussels. The house has been sold, and may be required at any time. Suitable housing for Mr. Whitlock and his assistants will be hard to find.

This sort of situation is not in keeping with the dignity of the United States nor in the interests of good diplomatic service. The fact that Ambassador and Mrs. Whitlock face the situation with humor, threatening to get a tent and camp in the park, does not alter the facts.

The prestige of the United States, fairness to our representatives and the efficiency of the service itself, demand that the United States shall own permanent ambassadorial headquarters in all the great foreign capitals.

NEW CHAMPIONS OF AMERICANISM.

A statement issued by the ousted socialist assemblymen in Albany says:

"The prejudice and ignorance of the majority of the members of the assembly has not shaken our faith in the ability and willingness of the people to undo this crime. In that confidence we will go to the electorate again. We shall fight to the very last for 'Government of, by and for the people.'"

It has come to a sorry pass, indeed, when the championship of representative government in this country is left to representatives of the socialist party. Yet that is the precise situation in New York state, thanks to the un-American action of a legislative majority in its blundering excess of zeal for the defense of American institutions. Can any intelligent citizen imagine Abraham Lincoln doing what that Albany majority has done twice in succession?

SHOULD HAVE BEEN DEBATE

The attendance at the meeting in Gardner hall addressed by F. G. R.

Gordon of Haverhill, Mass., and Minneapolis, would have been much larger had it been advertised as a debate between Gordon and any Nonpartisan or socialist adherent.

Gordon has been a trade unionist for years, is a ready speaker and debater, and a good writer too. It is hoped that Gordon may be secured for another speech and a debate arranged, and the arguments then advanced pro and con would do much to clarify the political situation.

Immunity From Second Attack.

The United States public health service says that it is well known that an attack of measles or scarlet fever or smallpox usually protects a person against another attack of the same disease. To some extent this appears to be true also of influenza. Just how long such protection lasts is not known.

At New Park Theatre Wednesday and Thursday, One of Best So Far in Brainerd

There will be vaudeville Wednesday and Thursday at the New Park Theatre and this week's program gives promise of being the best so far shown in Brainerd.

The opening number is Harry Duffy, a new type comedian in something different. Dorothy Richmond & Co. present the play, "A Friend In Need". The singers Hays and Hays appear in a brilliant musical number consisting of yodeling, talking and dancing. The last number is great. Lester B. Raymond & Co., a treat in the form of a juggling and acrobatic turn.

This performance is presented with the newest of the Constance Talmadge photoplays, "The Love Expert", considered one of her best comedy dramas. Performances start promptly at 7 and 9 o'clock

At the New Park Theatre Sunday

There are no union rules prohibiting the overworking of a bed—other-

wise the clever play "The Girl in the Limousine" would never have been produced. A. H. Wood has furnished a great big, beautifully bedecked and canopied bed, conspicuously placed in the center of the stage where all may see. As assurance of the innocuousness of the whole affair, it should be known that the couple are never left alone, and furthermore, that the young man is just as eager as the young woman to escape from the compromising entanglements, and there is always someone present to save the proprieties from collapse. It all comes about through the misadventure of Tony Hamilton, who is held up by a couple of thugs, while on his way to a society party, beaten into unconsciousness and robbed of all his valuables, including his clothes, and is then dumped into the bedroom of a young society woman, once his fiancée and now the wife of his best friend. When Tony recovers consciousness and realizes where he is he goes on a strenuous hunt for outer wearing apparel, but all he can find is Betty's bath gown. The company is excellently cast, and keep the audience in continuous approval.

Removing Ink Stains.

To remove ink stains from either brass or copper a very simple remedy is required, but it is well worth knowing, as otherwise ink spilt on brass or copper inkstands and left to dry is a trouble to remove. Simply pour a few drops of fresh ink on the old stains and rub with a piece of rag, when the old stain will disappear quite easily. Polish in the usual way.

The X-Ray and Chiropractic

The Chiropractor spends month after month for three years perfecting the sense of touch in his fingers so that he may correctly ascertain the location of each spinal segment in the patient's back. Even with his adeptness at locating these misaligned or subluxated vertebrae he is sometimes baffled; and to prove conclusively to himself that he is absolutely correct in his findings, he resorts to the X-ray. By taking a radiographic picture of the patient's spine, he is not only enabled to actually see the exact conditions as they exist, but he is also able to show the patient that condition.

## JOINT MEETING OF COUNCIL AND BOARD

Water and Light Matters Discussed  
by City Council and Water and  
Light Board

**MANY NEW LIGHTS ORDERED IN**  
Hydrant Rental and Electric Current  
Costs Referred to Council Com-  
mittees for Report

A joint meeting of city council and water and light board was held at the city hall on Monday evening. President J. H. Strickler of the council presiding and Mayor F. E. Little being in attendance. All were present except Aldermen Witham and 21st ward.

By motion made and carried, all street lights petitioned for were ordered in.

On motion of councilmen carried, the water and light board is to investigate the ornamental lamp post light situation. Some are paid for by individuals and they should be repaired. On the balance an estimate of cost is to be prepared.

Hydrant rental and electric current costs were discussed and on motion carried the matter was referred to the finance and water and light committees of the council to confer with the water and light board.

There was considerable discussion of water main extensions. The water mains are being handled under two schedules, Schedule A, embracing necessary work to be done and Schedule B the extensions. Of the extensions it was thought work can soon be done on Laurel between 17th and 18th streets.

## \$4,000,000 FOR CARLETON FUND

Brainerd and Crow Wing county alumni and former students of Carleton College will participate in an important luncheon conference at Little Falls Saturday, October 2nd in this county for the Four Million for Carleton Fund which is now being raised.

Alumni from Hubbard, Wadena, Cass, Todd, Morrison, Stearns and Benton counties will also join in this conference. It is not the purpose to have any financial solicitation, but to discuss plans for organization.

In addition to \$1,000,000 which has been pledged by the Baptist New World Movement it is expected that educational foundations and friends of Carleton outside of Minnesota will be asked to complete the \$4,000,000 fund by making up the balance of \$2,000,000. Already distinct progress has been made along the latter line.

## SOCIALISM IS PLAYED BY GORDON

Trade Unionist Makes Interesting  
Speech at Gardner Auditorium  
on Monday Evening

**HAMMERS NON-PARTISANS TOO**  
Gordon Prominent as Speaker and  
Writer and Renown as a Ready  
Debater Too

F. G. R. Gordon, a trade unionist, editor of "The Northwestern Appeal", a well versed speaker and read debater, delivered an address at Gardner auditorium on Monday evening which was attentively listened to by an audience containing a number of women.

Gordon spoke in favor of sound government. He was introduced by R. R. Wise. The speaker quickly waded into his subject and severely arraigned socialism. It had failed in Europe and America, said Gordon, and he cited statistics on taxation, wages, etc.

"It is not hunger that produces Bolshevism", said Mr. Gordon. "It is misinformation and the glittering prospect which the socialist leaders hand out to the workers. Greed, the promise of wealth with little or no work, that is the magic wand that causes the workers to chase after the pot of gold at the end of the socialist rainbow."

#### Socialized Industries

Socialized industries do not pay, said he. He cited the example in Canada where privately owned railway lines are efficient and pay dividends and where the government owned railroad is regarded as a Canadian white elephant.

Get the government to run any industry and politicians who have no money invested will seek to control the industry, said Mr. Gordon.

#### No Nation Perfect

America is not perfect. No nation can be perfect until human beings are perfect themselves. But out of all the argument comes one great truth, and it is that we do not have to destroy to make progress. He quoted an example. The man wishing to add a front porch and bath room to his house did not act like a red and blow up the whole premises in order to put in the improvement.

#### Socialism in Australia

In Australia and New Zealand the labor party had been dominant in politics the past 25 years, said Gordon. Railways there were built by the states. Everything was socialized in Australia—railways, telegraph, telephone, mines, docks, etc. And Australia had piled up enormous debts and heavy taxation. Australia and Australasian states had accumulated a debt of a billion and 936 million, while the debt of America with twenty times the population amounted to a billion and 313 million. Spreading out this debt per family put \$65 on each family in America. In Australasia each family would have to raise \$1555 to pay the government debt, said Mr. Gordon.

"If you like the Australian system with its excessive debts and taxes", said Mr. Gordon, "Then follow the teachings of Townley, Berger and Debs."

#### Workers Outnumber Farmers

Workers in the cities outnumbered the farmers in Australia and held the balance of political power. Socialized railways in Australia, said

he, meant high transportation rates, low wages for the workers and poor service for the public. The socialized machine shop in Melbourne required three men to do one man's job, said Gordon. There was no economy, progress or efficiency under the blight of state socialism, said the speaker.

#### Challenged Socialists

"I never knew a single socialist statement", said Mr. Gordon, "that could not be punched full of holes".

#### How Wealth is Produced

Labor alone does not produce all the wealth of the world, said the speaker. Socialists appeals, said he, were addressed to the lowest and meanest passions of the workers, manufacturing a dishonest discontent.

Wealth, said he, is produced by a combination of capital labor and brains and of the three constituents, brains is the most important.

At one time the Carnegie mills in the Pittsburgh district yielded a 60 per cent profit to its owners while the Jones McLaughlin mill in the same county eight miles away, operating under the same conditions as regarded wages, raw material, transportation, product, etc., yielded only 12 per cent. The difference in the mills lay in the brains directing each.

#### Germ of Discontent

With the highest wages in the world and shorter hours than ever before, said the speaker, we have ten times as many socialists among the railroad workers of this nation, as we had when wages were only half as much.

#### Situation of Farmers

"In 1896 wheat sold at 62 cents per bushel and that 62 cents would pay for transporting a barrel of flour 1240 miles on the railroads", said the speaker. "In 1914 a bushel of wheat sold for \$1 and that \$1 would pay for transporting a barrel of flour a distance of 2500 miles. In 1896, to be sure, the farmers organized for cheap money, but they were not Bolsheviks; they are not today, but we do have a farmers movement in the Nonpartisan league that at least defends state Socialism and whose chief planks are for the socialization of a vast amount of private property, yet, the American farmer never possessed such great wealth and never received so high a price for his goods, yet a very large number of them have been made dissatisfied and unrestful—not because they are poor and hungry, but because they have been promised something for nothing."

#### North Dakota

In North Dakota, said the speaker, Townley raised the taxes by increasing the valuation of property. For instance, said Gordon, if Gardner hall was taxed a certain rate this year and the same rate held next year, but the valuation was then boosted three times, the taxes for next year would rise accordingly on the increased valuation.

#### Questions for Socialists

"If we are to carry out the socialist slogan of giving to the toiler the full product of his toil, will it not require millions of boards of arbitration and three million experts to see to it that the hours and skill of each worker is kept, to the end that the nation will not rob one set of workers while paying too much to another set?"

"Will you socialists pay all alike, pay the highly skilled exactly the same income as the slowest and most unskilled? Who will pay for extra cost and all the red tape? Will you pay the director of a great steel plant

## H. F. Michael Co.

the same wages as the man who holds the hose pipe to wet the ground or the man who is working over red-hot steel?

"If you pay all alike you throw overboard your socialist slogan and if you don't do this you will burden labor so extensively that the net income of each worker would be less than six dollars a week. Tell us how

you are to do these things, Mr. Socialist", queried Mr. Gordon.

#### What Makes Socialism

Greed and the desire to get something for nothing is what produces the socialists, coupled with the ideal of having the government aid them, without cost to those who are aided, said the speaker.

"But it don't work in Russia; it

has never worked anywhere and it never will work anywhere. Governments can never produce wealth, governments waste wealth.

"Jefferson said: 'That government is best which governs least', and that is a truth which should not be forgotten. Socialism must be fought with the truth."

## CIGARETTES

HOWDY PETE!

Always learn something when I head into this old town. Passed my deck of Camels to a fine, business-looking citizen in the Pullman dressing room this morning and this opened up a conversation. Listen, Pete, that man talked the Camel language according to Hoyle!

"Camels are the very quintessence of cigarettes" said this party. Pete, get that word? It fits—it spreads the news—it spills the whole Camel story! And, if you don't get what I'm driving to you, look up the word in Webster's! Why, Uncle Dan put it there when he dreamed Camels were coming! That man slipped into one word—mellow-mild-body, no cigarette aftertaste, no cigarette odor—and—the best cigarette in the world at any price!

Pete, why do you hear men of all types everywhere actually boosting Camels? That's because they know Camels are right! They know from Camels flavor that Camels have the quality—and—they know that Camels blend of choice Turkish and choice Domestic tobaccos makes the most delightful cigarette any man ever put between his lips!

Old oil well, I'm no gusher, but the way Camels are going to more and more men every one of the seven days in every week is a sight to see!

HILTON IS LAWYER  
FOR LAWYER'S JOB

People Have Had Faithful Service From Him and Should Not Make Change.

CLIFFORD L. HILTON.

"A Lawyer for a Lawyer's Job." This is the slogan adopted by the Republican State Central committee relative to the candidacy of Attorney General Hilton for re-election.

The statement is a most fitting and appropriate one. Mr. Hilton's ability as a lawyer is not only recognized in Minnesota but in many other states of the union. He was honored by being unanimously elected for two successive years as president of the National Association of Attorneys General, a distinction never before conferred upon any other man. The association referred to is made up of attorneys general of all the states in the union.

General Hilton is a lawyer devoted to his profession, a man of excellent judgment and possessed of exceptional executive and administrative ability. It is conceded by those who know that the attorney general's office has never been more ably managed in the history of the state than during the present incumbency. Former attorneys general now living willingly and frankly admit it.

Mr. Hilton is forceful, fair and fearless. He is not a grandstand player seeking the limelight, rushing into print with or without excuse. His management is able, safe, steady and lawyerlike. He believes that Minnesota is entitled to service in its legal department such as the magnitude of Minnesota's needs require and that the attorney general's office should be a law office, not a political or self-serving office.

Each citizen of the state, without regard to his station in life, race, belief, condition or politics, secures at General Hilton's hands equally fair and careful treatment and attention.

Any private business concern having a lawyer that had served it faithfully and efficiently, who knew all the details of its business and had in charge important litigation, would not change lawyers simply to give some one else a job. The state should act in the same sound business way.

As illustrating the magnitude of the work of the office, attention need only be called to the fact that more than one million dollars per year is secured by him and placed in the state treasury as the result of suits successfully tried, claims enforced and inheritance taxes collected. Minnesota can ill afford to change its attorney general at this time. It has an able, trustworthy official, a safe counsellor, one deserving re-election. Minnesota should keep him.—(Jens K. Grondahl, editor, in Red Wing Daily Republican.)

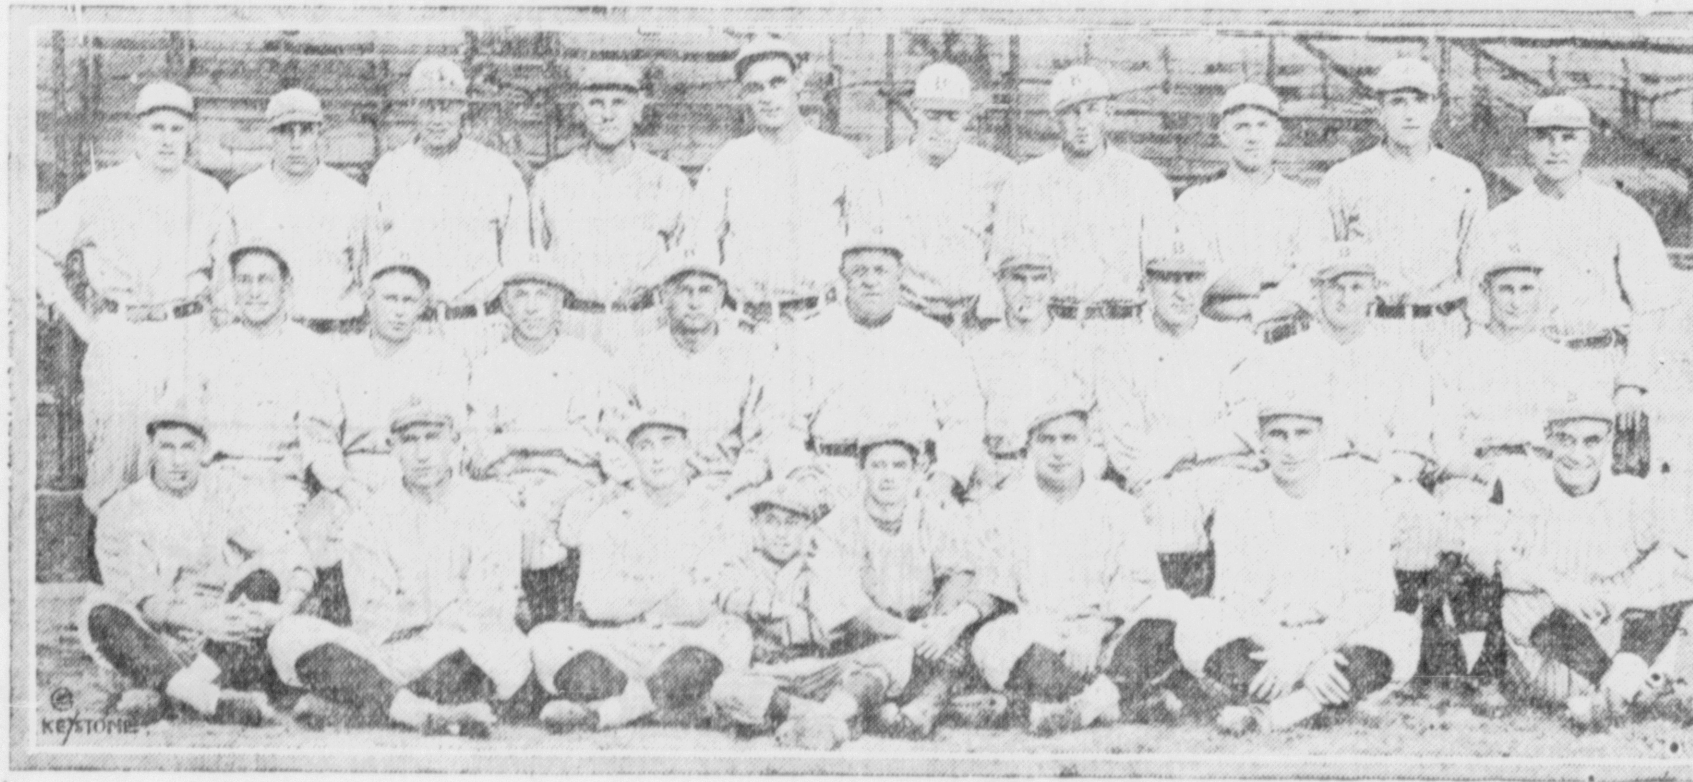

## Smoking Bad for Aviators.

Air ministry doctors in Great Britain have instructions to inquire into the family histories of persons who desire to become aviators, especially with references to tuberculosis, heart disease, or mental instability among near relatives. Smokers are to be closely questioned, and the doctors are to make a note such as C10 or P3—that is, ten cigarettes or three pipes a day.

## Gasoline.

Gasoline gives off a very explosive vapor, even at ordinary temperature. This vapor is heavier than air and may be present near the floor of a room in which the odor of gasoline is scarcely noticeable to a person standing.

## Brooklyn Dodgers Who Will Share in World's Series Money

Here is a group photograph of the Brooklyn baseball team which will share the world's series money. This picture was taken recently on the Dodgers' home grounds, Ebbets' field.

From left to right, front row, they are: McCabe, infield; Taylor, catcher; Neis, outfield; Elliott, catcher; Sheehan, infield; Mitchell, pitcher. Second row: Kruger, catcher; Kilduff, second base; Johnston, third base; Wheat, captain; Robinson, manager; Mohart, pitcher; Schmandt, first base; Miller, catcher; Marquard, pitcher; Olson, short pitcher, and Lamar, outfield.

## Tit for Tat.

The late Archbishop Benson once had to face criticism of the clergy as a body. It was urged that the bishops ought to see that better candidates were brought to them for ordination. Benson, with good humor, replied: "Well, you see, we bishops had ourselves in a difficult position, as we have only the laity to choose from."—London Morning Post.

## First English Coin.

It is a common error to suppose that the first English coin was made of copper. It was made of gold, about A. D. 460, and is believed to have been struck in celebration of the victory of Scan, the overlord of the ten provisional chiefs in southern Britain, over the Saxon invaders.

## Date Interesting to Women.

The first woman's rights convention met at Seneca Falls, N. Y., July 19, 1848, and lasted two days. The leader of the gathering was Lucretia Mott, the Quakeress, and her leading assistant was Elizabeth Cady Stanton. This date is regarded as the greatest anniversary of the woman's suffrage movement in America.

## Bluffer Finally Unmasked.

For a time a chatterbox may outshine the wiser man whose tongue wags less. But, in the end, as Solomon long ago assured us, "a prating fool shall fall." The man whose brain works full time finds bluffing unnecessary. His talk is profitable, not only to himself, but to all with whom he comes in contact.

## Valuable to Science.

The telescope gives enlarged views of distant objects, the microscope shows only what is almost in contact with its lens, and by giving a means of making intermediate observations the modifications of the Davon microscope have proven a boon to the naturalist. With great depth of focus and a large field of view, the short focus type, for example, has a working distance of 10 to 18 inches, and magnifies 15 to 38 diameters. An adjustable rubber-tipped rod serves as a rest to support the instrument at the desired height for studying such objects as insects, plants and rocks.

## Definition of Suede.

This name, given to a kind of undressed kid leather, is simply the French word for "sweden." The velvet finish is supposed to have originated in Sweden and it was applied at first to kid and not to calfskin. The process of making it involves buffing on an emery wheel the flesh side of the leather, so as to produce a sort of nap or velvety surface. Some makers of leather adopt a different process, buffing or scouring off the grain side of the leather to produce the nap.

## Living Ex-Presidents.

At the time of the first inauguration of President Lincoln there were five former presidents living—more than at any other period in the history of the nation.
